

Manufacturers of Zinc Oxide

Ketok Metal Corporation

Ketok Metal Corporation formerly known as Poswal Minerals & Chemicals Pvt.Ltd.was established in 1993. From last 25 years we have been pioneer in manufacturing of superfine Zinc Oxide. Our flagship product "Horse Brand" zinc oxide has been a massive hit PAN Indian market include emirit groups such as: Swadeshi Chappal Kanpur,Rupani Footwear,Rehman Tanners, Globe Group,Prestige Paints,Singhal Paints,Jyoti Pharma,Shakti Pharma,ARP and many More.

At KMC, Our Customers come first.

Our vision is rooted in customer satisfaction, and we strive to deliver this every single time through our refined process and unmatched quality. With our consistent and timely deliveries, we continue to rank among the leading zinc oxide manufacturers in India and are preferred by customers from across the country.

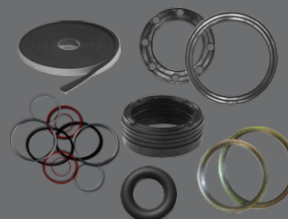

Process and Technology

At KMC, we follow the French Process (Indirect Process), which is widely used across the globe in zinc oxide production. We use special high grade zinc as raw material, in turn manufacturing zinc oxide that's small in particle size and high on purity (99.89% Min)

A two-pronged approach helps us achieve our consistent quality levels while exceeding the expectations of our customers. We employ: The right technology & The right people. We use state of the art equipment and modern laboratories to stay ahead of the race, while also conserving resources along the way. Every consignment is closely tracked and inspected to ensure that fulfils all client specifications.

Products and Applications

We serve to deliver the purest zinc oxide in the market. Our product powers many industries and has multiple applications.

- Rubber
- Paints
- Glass & Ceramics
- Pharmaceuticals
- Coatings and Pigments, Etc.
